The Role of Worship in Discipleship • Romans 12:1-2

What is worship?

- prayer
- songs
- Scripture reading
- teaching/preaching
- communion

Our worship needs to be God-directed.

Worship was originally discipleship in nature.

Worship helps bring unity.

We need to learn to trust in the Holy Spirit's role as worship leader.

What is worship? It is a lifestyle and heart attitude.

Big Takeaway:

All of life becomes a worship service when hearts and minds are being transformed to know God deeply.
